

## Spring Break Private Pool Rentals - BOGO Deal

Half off second hour!

What's better than an hour playing and swimming in a warm pool on a rainy spring day? Getting the following hour for half off! We are running a BOGO Deal for all 2 hour private pool rentals over Spring Break. The first hour of your 2 hour rental is \$100, the second hour is only \$50. You must book a 2 hour rental over Spring Break to get this wonderful \$150 deal! Spring Break runs from March 17th-26th, with pool rentals from 9am-7pm. Currently this offer is available for March 17, 18, 19, 23, 24, 25, and 26. The entire pool will be reserved for your group of 15-20 people, and feel free to bring beverages to enjoy poolside. Send us an [email](#) to inquire about availability, or to reserve your spot!

the second hour  
50% off!**

The advertisement features a central white circle on a blue background with water droplets. The text is in various colors: green for the price and dates, purple for the main title, and pink for the offer details. The Little Strokes Swim Academy logo is at the top center.

## New Staff

### Morgan McGee & Maddelynne Tabaska

We are pleased to announce the hiring of 2 new staff members! Morgan McGee (left) joins us as a weekend swim instructor, and Maddelynne Tabaska (right) is working in the office on Fridays!

Whether it's in a pool, a lake, or the ocean, Morgan has had a love for the water

school all the way up until her senior year of High School. In High School, she swam for Varsity and swam in every race possible at least once each season. Her best strokes were freestyle and breaststroke!

Morgan is currently attending MATC for her associates in math and sciences, studying to become a marine biologist, and is certified in BLS and CPR. She has a big family with many siblings, and loves to spend her free time in nature, at the gym, or with her 6 roommates and their 3 kitties.

Maddelynn grew up in Milwaukee, WI and graduated from Brookfield East High School in 2020. She currently attends the University of Wisconsin, working towards a degree in Kinesiology with minors in Sports Communication and Environmental Studies. Maddelynn has been surrounded by a variety of sports throughout her entire life, which has been part of what has driven her passion to pursue a future career in the world of sports.

Maddelynn's all time favorite sport to play is basketball and her favorite team to watch is the Milwaukee Bucks. Her favorite athlete to watch is her younger brother, Nollenn, who will be playing football for the Army West Point Military Academy this upcoming fall. In her free time, Maddelynn enjoys listening to music, being outside, traveling, and hanging out with friends. She also works in the athletic training office at Camp Randall in Madison, WI, mostly serving as a water girl for the Wisconsin Badgers Football team — keep an eye out for her on the sideline if you attend a game!

---

## New Weekend Classes Available Soon!

With the hiring of Ms. Morgan, new Friday evening and Saturday morning classes will be available soon. A tentative schedule is available on our [website](#), but classes are not yet posted in Jackrabbit. Courtney will be contacting students who were in Ms. Jessica's classes, weekend waitlists and weeknight waitlists over the next week or so, and then we will open registration to the general public. Please send us an [email](#) if you have any questions!

---

## Help Keep our Chemicals in Check

Thank you to everyone who has been taking a shower before getting into the pool! It has helped us keep our chemicals better in balance, but we are still hoping to make improvements. We require that all swimmers take a rinse-off shower before entering the pool, and we request that you take the time to scrub a bit and get your hair wet. Just taking a quick duck under the water doesn't work well enough.

We also ask that parents check their children's swim diapers during and after lessons, and notify us immediately of any accidents. Please also keep an eye on your child during lessons, for any signs that they might need to go to the bathroom. These preventative actions will help keep our chemicals in check and prevent pool closures.
